github.com/Kim-Tsok | linkedin.com/in/kim-tsok-5414a8418

Frontend engineer building React and Next.js interfaces for publishing products and client websites. Experience with TypeScript, responsive layouts, reusable components, API integration and teaching web development.

Skills

Languages: TypeScript, JavaScript, HTML, CSS
Frontend: React, Next.js App Router, Tailwind CSS, shadcn/ui, responsive design, accessible forms
Tools and integrations: Git, Figma, Vercel, Cloudinary, REST APIs, Supabase

Experience

Frontend Developer and Founder Nov 2024 - Present
Scriblr | Independent product

- Built publishing and reading interfaces with Next.js, TypeScript and Tailwind CSS, including content feeds, authoring and profile pages.
- Developed reusable interface components for navigation, forms and content presentation; maintained an earlier React implementation.

Freelance Web Developer and Designer Dec 2025 - Jan 2026
Usiju World Event Centre | Client project

- Delivered a venue showcase and booking website using Next.js, Tailwind CSS and shadcn/ui, connecting the interface to Supabase and Resend email notifications.
- Built responsive booking and gallery interfaces and integrated Cloudinary media delivery with Next.js image handling.

Coding Instructor Aug 2024 - Oct 2025
Blue Algorithm Tech Ltd. | Part time

- Taught JavaScript, React component patterns and Tailwind CSS; guided learners through responsive layouts, state management and frontend projects.

Freelance Frontend Developer and Designer Aug 2024 - Oct 2024
Dominion Homes | Client project

- Translated a client brief into a responsive React website using semantic HTML and Tailwind CSS.

Selected projects

Ellipsis | tryellipsis.space
Next.js, TypeScript, Tailwind CSS

- Built interfaces for capturing and organising notes, search and reminders, connected to authenticated account and database workflows.

Genie | genie-online-ide.vercel.app
HTML, JavaScript, Tailwind CSS

- Built a browser-based HTML, CSS and JavaScript editor with an immediate preview, keeping code and output in one workspace.

Education

B.Sc. Computer Science, Air Force Institute of Technology, Kaduna, Nigeria
2025 - Present | Expected graduation June 2029

Certification and award

Full Stack Web Development Certificate, Kids Code Club Africa, 2024
Male Innovator of the Year, Kids Code Club Africa, 2023
